

Model: WeatherPRO® PRO50, model # 60PRO50

WeatherPRO[®] Series PRO50

Control the Weather

Description:

- Unique, patented, weather infiltration protection internal baffle system
- Net free venting area of 322 sq-cm /50 sq-in
- Five WeatherPRO PRO50's will ventilate 1000 sq ft of attic space (approx)
- Roof pitch range 2/12 – 14/12
- Injection molded from pure, high grade polypropylene with premium UV inhibitor additives
- Top venting design uses chimney effect to channel moist air away from roof eliminating shingle staining
- Vent cap design with built in weeping holes eliminates bird nesting and water pooling

Approved Certifications:

- CSA certified – Plastic Type B roof vents, for installation on sloping surfaces
- Miami Dade High Velocity Hurricane Zone certified: NOA 04.0401.01

Durability: Engineered to resist denting, peeling, extreme heat and cold impact to -40

Colours: Black, Brown, Weatherwood, Grey, White

Weather Protection :

WeatherPRO's patented internal baffles deflect water and snow, allowing it to drain harmlessly out the drainage openings. Designed to allow high airflow while providing excellent defense against weather infiltration.

Interior baffle shield

Dimensions: mm

1. Unique baffle system wards off driving snow and blistering rain while allowing warm moist air to exit in a chimney like fashion eliminating shingle stains.
2. Drainage openings allow for water to escape.
3. PRO50 design diverts water around vent cap. The flat exterior wall acts as second weather defense system while improving airflow.
